

Delhi Public School **Pune East**

Building Character since 1949

Academic Excellence | Success Mindset | Competence with Character

How do you envision success for your child in the future?

DPS Pune East

Where success becomes a habit

Happiness and well-being

Academic excellence

Resilience and grit

Strong character and values

Positive contribution to the world

Responsible and independent

Social, emotional & spiritual intelligence

Passionate and purposeful

We craft personalised learning journeys for the children to support their individuality, encourage them to discover their passion and purpose, and provide a nurturing environment for their personal growth. Integrating technology with the CBSE curriculum and student-centered innovative pedagogy, we provide a rigorous academic program that shapes young minds into responsible global citizens.

At DPS Pune East, we help translate the vision for your child's future into reality! We understand that the most crucial aspect of grooming children is helping them develop a success mindset, view obstacles as opportunities, and strive for growth, not just academically but in all facets of life as well.

Under the Aegis of the **DPS Society, New Delhi**

DPS Pune East | Varanasi | Nashik | Lava Nagpur | Hinjawadi Pune

LEARN *with passion.*
EXPLORE *with purpose.*
INNOVATE *with vision.*
EVOLVE *with determination.*

At DPS Pune East, we care deeply about every child.

Rooted in the strong legacy of the DPS brand, our school is built on trust, excellence, and values. We believe that every child is unique and full of potential and it is our responsibility to help them discover it.

With experienced teachers, modern facilities, and a nurturing environment, we create space for children to grow confidently — academically, emotionally, and socially. Whether it is through academics, arts, sports, or innovation, we make sure every child feels seen, supported, and inspired.

This is a school where children feel at home, and where learning feels like joy.

True excellence goes beyond grades...

At DPS Pune East, education is not just about academics, it is about nurturing a success mindset rooted in purpose, clarity, and resilience.

True excellence goes beyond grades. It reflects in a child's ability to persevere, grow, and act with integrity.

We empower students to think critically, express themselves with confidence, and connect learning to real life through rigorous, reflective, and relevant experiences.

Our educators lead with clarity and compassion, creating an environment where growth is meaningful, not mechanical.

This is our promise — a journey where purpose drives learning and values shape success.

Siddharth Rajgarhia
Chief Learner & Director
DPS Pune East | Varanasi | Nashik | Lava Nagpur | Hinjawadi Pune

A year of trust, a future of purpose

At DPS Pune East, we create future-ready learners, inspire creativity and nurture critical thinking. While most schools focus on memorising answers, we prepare our children to ask better questions.

We view education not as a linear path, but as a dynamic, multidimensional journey. Learning here is designed to reflect the complexity and richness of the real world.

Our goal is not to train students who can simply recall facts, but to raise individuals who are thinkers and can shape the world tomorrow.

Shrutika Lawand
Principal Learner
DPS Pune East

Building the future, today

ABOUT THE SCHOOL

At DPS Pune East, we carry forward the proud legacy of the DPS Society — over 75 years of educational excellence, shaping more than 10 lakh learners across 80+ cities.

As part of an established network of campuses, we are rooted in this strong foundation while continuously evolving to meet the needs of a changing world. Education today demands not just strong pedagogy, but intelligent systems that enhance every aspect of a child's journey.

At our Pune East campus, this legacy is strengthened through the thoughtful integration of advanced technology and Artificial Intelligence.

From streamlined administrative processes to data-driven decision-making and enhanced campus operations, AI enables us to create a more responsive, efficient, and future-ready learning environment.

This allows our educators to focus on what truly matters — building meaningful connections, guiding each child's growth, and fostering a culture of excellence. We remain committed to nurturing confident, compassionate, and capable individuals grounded in strong values and prepared to lead in an ever-evolving world.

This is where a legacy of excellence is powered by intelligent innovation.

Our Vision

Our students will be lifelong learners with a Success Mindset who are driven by competence and character. They will be responsible Global Citizens, deeply rooted in Indian culture and values.

Our Mission

To train the minds, bodies and souls of our students to enable them to lead purposeful and harmonious lives with all beings and nature around them.

Curating our students' well-rounded development

Gymnastics

Relevance

Learning that connects.

At DPS, children do not just study concepts, they see why they matter. Whether it is through field visits, hands-on experiments, expert interactions, or author talks, we help students make real-world connections. Learning becomes meaningful because it goes beyond theory into action.

Relationships

Because children thrive where they feel seen.

At DPS, every child is known by name, story, and strength. Our culture of warmth, care, and trust creates lasting bonds between learners, teachers, and families.

Rigour

Challenge with care.

Whether it is mastering a concept or preparing for a spelling bee, we push our students to stretch their thinking, while standing right beside them. Our approach is joyful, intentional, and purposeful.

Reflection

Pause. Think. Grow.

Reflection is not just a practice, it is our way of learning. From starting the day with Samurja to ending with Closing the Loop, students pause to make meaning of their journey. Because learning becomes lasting only when it is reflected upon.

Academic Quest: Nurturing Curiosity, Cultivating Brilliance

Delhi Public School is committed to providing a nurturing and engaging learning environment for students from Foundational to Secondary Years. We offer a progressive curriculum that fosters lifelong learning and prepares students for success.

Aanandam

Foundational Years
